

PERSONAL DEVELOPMENT FOR PROFESSIONALS

THE AIM OF SELF-DEVELOPMENT IS TO BE ABLE TO LIVE LIFE CREATIVELY, SPONTANEOUSLY AND WITH A GREATER VISION.

Life provides many challenges, and also possibilities, which are ours if we have the courage to take them. These three workshops provide opportunities to develop new roles, and new perspectives, to acknowledge, celebrate and

value old roles, to clear obstacles and resolve minor conflicts of living in your personal or professional life. They will suit anyone who wants to explore and enter into the deeper aspects of self with the aim of developing greater resilience, vitality and more

effective relationships with themselves and others. The aim of self-development is to be able to live life creatively, spontaneously and with a greater vision.
